

## MiSTEM and Math Recovery Covid Response Resources

The Math Recovery Council responded to the COVID-19 situation by releasing [resources on their website](#) for families and educators. The MiSTEM Network has created resources to support students, parents, teachers, and professional learning facilitators as they navigate educating in the time of COVID-19. This work is designed to bring clarity for Math Recovery Champions & Leaders, AVMR teachers, educators, and parents on how to best use the resources provided.
